FSS 01 Highlight Videotape Purchasing

Instructions

The FSS 01 Highlights videotape contains nearly four hours of excerpts of almost 50 hours of plenary session presentations by the outside consultants brought to the Trinity Campus for FSS 01 in Summer of 1992. This Highlights tape can be obtained at the estimated cost of reproduction, handling, and mailing. The quality of the tape is limited by a number of factors. It was pieced together by Professor Jensen (who is definitely an amateur at video editing). Since the speakers made multimedia presentations in electronic classrooms, the video footage was shot in a darkened rooms. Also, whenever a video camera is aimed at a computer screen, the taped image is of poor quality. However, the video footage is generally of sufficient quality to make out the points being made by the speakers. There was not enough capacity remaining on the tape to present excerpts of all Trinity Faculty project presentations. Several of the projects are, however, included in all or in part at the end of the tape.

Ordering Instructions

For a 1/2 inch VHS copy of the FSS 01 Highlights videotape, please send a $40 check or money order made out to Trinity University. Enclose a return label with your shipping address on the label. Please send the check and the label to the following address:

Instructional Media Services
Trinity University Library
715 Stadium Drive
San Antonio, TX 78212

Inquiries may be telephoned into Instructional Media Services at 210-736-7323. Shipments to foreign countries require an added $10.00 for postage such that the enclosed check should be $50 in U.S. funds for all shipments outside the United States. All foreign orders should also indicate whether NTSC or PAL formatting is requested. Only NTSC and PAL formats are available. Parts of the video filmed in darkened classrooms are useful mainly for the audio rather than video footage.
